Project Manager: Kalpana Kumar

**Project Status:** **Green**

Key Milestone	Baseline	Revised	Actual	Status
Accela Inspection & Licensing Product Demo		5/21/2013	5/21/2013	Completed
Requirements Gathering Session		7/12/2013		GREEN
Initiation & Planning		7/14/2013		GREEN

## Activity Status

MDARD is currently reviewing Accela Automation's Inspection & Licensing product which is in use with Department of Licensing & regulatory affairs. Accela Automation presented a demo of Licensing & Inspection System to MDARD on May 21st, 2013. DTMB is currently working with the customer MDARD to finalize requirements. Next step would be to review the vendor Accela's response to determine product fit.

***Budget Pending***

## Major Project Accomplishments:

- Completed Discovery Session & demo of Accela Inspection & Licensing product

## Next Steps:

- Completed High level Requirements gathering session on June 6th. Document requirements for Inspection & Licensing needs.
